Summary

My name is Siwani, a self-motivated and solution-driven professional with a decade of experience in nursing. In 2021, I discovered a passion for coding while assisting my husband in his job search. Since then, I have been dedicated to self-learning and have thoroughly enjoyed the journey. I am ambitious and hardworking, with a deep fascination for developing websites and exploring the world of technology.

Work Experience

Staff Nurse | Frimley Park Hospital NHS
2013 - present

- Providing nursing care for patients before and after surgery in a very fast paced department
- Working with different health care teams in a very challenging and busy times in order to provide best care for our patients
